Frequently Asked Questions:

How does the program work?

Upon enrollment, you will be electronically debited monthly from your checking account or credit card for everything you will need to test your blood glucose levels monthly. You will receive the supplies shipped right to your door.

Will I be able to use my own meter?

No. Each meter matches its own strips. Upon enrollment, you will be sent a new no-code meter with alternate site testing. The meter is state of the art with a large digital readout, and it speaks English and Spanish. The meter is guaranteed for the life of the program and is provided at no cost to you, the enrollee.

Will I be sold any other products?

CDP will not sell other products to you.

What if I have Medicare or other insurance?

CDP diabetic program is not a Medicare / insurance biller.
