

UNITED

WE WON!

▶ Here's what Airport Workers Need to Know About the Stimulus Bill

Airport workers like you fought hard to make sure this wasn't just another corporate bailout. Airport workers and supporters sent 5,521 emails to members of congress in 47 states to demand that working people be included in any bailout.

▶ Here's What We Won by Taking Action Together!

- 1** Airline contractors will have access to a \$3 billion fund designed to protect jobs for 125,000 airport workers through September.
- 2** Every taxpayer making up to \$75,000 a year will get \$1,200 (\$2,400 for married couples making under \$150,000) and \$500 for each child under 16.
- 3** Expanded unemployment benefits for workers impacted by COVID-19, including an extra \$600 per week in unemployment benefits.

For more information, go to <https://seiu.org/members-coronavirus>

This is a HUGE victory, but we're not done yet. Let's keep fighting to make sure airlines do the right thing and the government protects the health, safety, and economic well-being of working people.
